

“Craig's team was in charge of providing mail delivery for me at The Estates in Gainesville, Florida. Not only were they fast, friendly, an efficient people to work with, but Craig always made sure he stayed in touch with me and my employees to ensure that Postal Solutions was doing everything they possibly can to serve us. He also shared with us any other business opportunity he knew of that would help our business succeed. I look forward to the next community we can work together at!”
