*Hear What Our National Clients Have To Say*

**KSU Housing (Kennesaw State University)**

"The risk associated with mail handling, six day a week distribution, mail forwarding and package delivery, were factors in deciding to outsource our mail management."

**Gainesville Place**

"I am surprised that some of our competitors believe they can effectively manage a mail system internally."

**Paradigm Properties**

"After comparing the cost to add staffing to handle this large task, we determined that it was much more cost effective for us to use an outside vendor...(Postal Solutions)."

**The Preiss Company**

"Our company's expertise is leasing and selling condos, not mail delivery... we hired Postal Solutions."

**Great Southern Investments and  
Asset Management**

"...we had to engage a third party service because our staff could not concentrate on their most important responsibility—leasing."

*"After making a decision to utilize your services, we are extremely happy with the overall service and professional attitude that we receive from each person within Postal Solutions."*

*Barbara Oaks, University Suites*
